

GAINSBOROUGH

Innovator Series Deadbolt

with 15mm Throw

Introducing the new Gainsborough Innovator Series Deadbolt with 15mm Throw to suit narrow door frames. Offered in either Satin Chrome or Bright Chrome finishes, this new product is an exciting addition to the Innovator series. Choose from the '852' Double Cylinder or the '847' Single Cylinder versions.

The original Innovator Series Deadbolt with 20mm Throw ('851' Double Cylinder or '846' Single Cylinder) continues to be available in the range, as required for standard door frames.

Innovator Series Deadbolt with 15mm Throw

Available in either Single or Double Cylinder functions, in a choice of Satin Chrome or Bright Chrome finishes, the new Innovator Series Deadbolt with 15mm Throw offers the following impressive features:

- **15mm deadbolt throw** – to suit narrow door frames.
- **Patented, snap-on fixing system** – to conceal the fixing screws for a smooth, modern appearance.
- **Elegantly styled, stepped escutcheon design** – adds class and distinction to exterior doors; stepped escutcheon coordinates with the 900 series Decorator leversets or the 9100 series Architectural leversets.
- **Gainsborough 'GR9' 5 pin cylinder** – allows deadbolt to be keyed to other products in the Gainsborough range.
Note: Also available with 'C4' 6 pin cylinder on request.
- **Tamper resistant chassis and sintered stainless steel bolt** – for added security and peace of mind.
- **Optional steel strike plate reinforcer** – to add strength to the door frame against forced entry.
Note: Installation of the strike plate reinforcer is subject to adequate door frame width.
- **Fits a standard 54mm (2 1/8") diameter cross bore hole** – lock body will readily replace common locks.
- **Popular, tarnish resistant finishes** – for durable performance and impressive, good looks.
- **Suits doors 35mm-45mm thick.**

Functions available:

852 Double Cylinder – Lock or unlock with key from inside or outside.

847 Single Cylinder – Lock or unlock with turn-button from inside or key from outside.

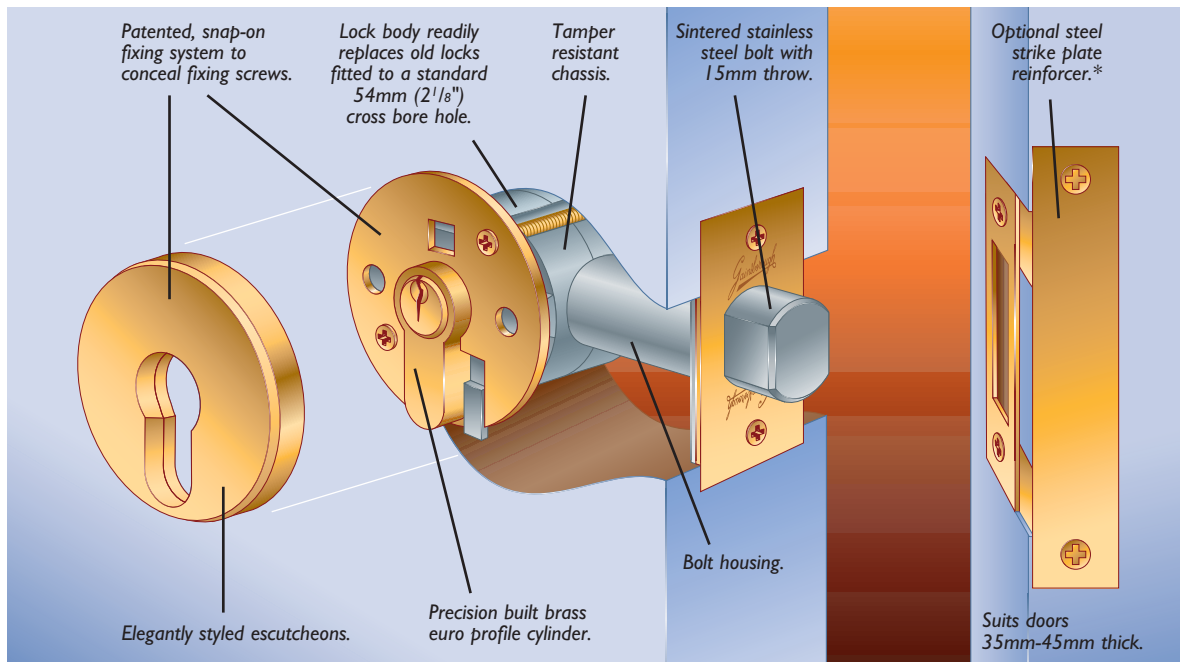

Note: The original Innovator Series with 20mm deadbolt throw to suit standard door frames continues to be available in the range.

Double Cylinder shown in Satin Chrome 852 SCS

Single Cylinder shown in Bright Chrome 847 BCS

**Note: Installation of strike plate reinforcer is subject to adequate door frame width.*
