

# entrance solutions

introducing **trilock eclipse** and **trilock omni**

It all starts at the front door...  
Gainsborough combines the latest in door hardware styling with Trilock '3 in 1' functionality, to provide innovative door solutions for today's homes.

**GAINSBOROUGH**  
designer collection

Gainsborough is proud to introduce the exciting new Trilock Eclipse and Trilock Omni, both featuring modern styling and the world renowned Trilock '3 in 1' functionality – the unique convenience of lockset, deadbolt and passage functions all in the one lock.

The Trilock Eclipse includes a slim, elegantly designed external escutcheon plate and a contemporary internal escutcheon plate to add class to exterior doors. Available in a selection of lever designs and finishes, the Trilock Eclipse combines impressive styling with Trilock '3 in 1' operation. Leversets are also available to coordinate interior doors.

The Trilock Omni offers all the benefits of Trilock '3 in 1' functionality combined with an impressive 600mm stainless steel pull handle. The external side features the 600mm pull handle, slim escutcheon plate and lever, all manufactured from durable 316 Marine Grade Stainless Steel. The inside lever and contemporary escutcheon plate are finished in popular brushed satin chrome for an impressive result.

Choose from 3 fashionable inside lever designs which complement the styling and finish of interior leversets in the Accent Range.

3 IN 1 FUNCTION  
**TRILOCK™**  
DEADBOLT | LOCKSET | PASSAGE SET

### trilock features

#### single-handed operation

allows the key to operate all functions of the lock.

#### internal push-button

for quick and convenient locking without the need for a key.

#### emergency escape

enables occupants to escape quickly in the event of an emergency without using a key (when the lock is set in the lockset mode).

#### four fixing points

for added strength against attack and forced entry.

#### solid brass 'GR9' 5 pin cylinder

allows the lock to be keyed to other products in the Gainsborough range for one key convenience.

Note: also available with 'C4', 6 pin cylinder upon request

### trilock 3 in 1 function

#### lockset with safety

depressing the button on the inside of the door engages the trilock lockset mode, which locks the door from the outside, however it is safe to exit without a key in an emergency by simply turning the inside lever.

#### deadbolt security

trilock houses a sturdy 20mm deadbolt throw.

#### passage set

when unlocked or unsnibbed, trilock operates as a standard passage set, allowing free access in or out of the home - the latch is simply retracted by operating the lever from the inside or outside.

### trilock models

trilock eclipse and trilock omni are available in the following models:

#### double cylinder

key from either side will lock or unlock deadbolt.

#### single cylinder

key from outside or turn-button from inside will lock or unlock deadbolt.

#### dummy set

a non-operational handle set for the fixed side of a double door.

#### door thickness

the trilock eclipse and trilock omni suit doors 35mm to 45mm thick.

#### Australian Design Mark

The Trilock '3 in 1' Locking mechanism has been awarded with an Australian Design Mark® for Good Design by Standards Australia.

This photograph shows the operation of the external lever on the Trilock Omni. The lever is cleverly positioned in a vertical orientation behind the pull handle and facilitates convenient entry whilst in the passage mode i.e. unlocked and unsnibbed (refer "trilock 3 in 1 function" on page 2).

## finishes streamline

**BC** Bright Chrome  
(Trilock Eclipse only)

## accent

**BSC** Brushed Satin Chrome\*  
(Trilock Eclipse & Trilock Omni)

## estilo

**FN** Fusion (Trilock Eclipse only)

Gainsborough has created attractive finishes for products in the Designer Collection.

The Streamline Range adopts a modern, clean and contemporary styling with a striking high lustre Bright Chrome finish.

The Accent Range incorporates a modern Brushed Satin Chrome\* finish, creating a bold statement for today's residences.

The exciting Estilo Range features Fusion, a unique and sophisticated finish which is a combination of bright chrome with subtle gold undertones creating a soft, lustrous finish.
